

100L LABOR SAVER

SPECIFICATION SHEET

The 100L Series is an installation labor-saving, freestanding steel base with an all-steel column, steel top plate, and all-steel base in any powder-coated finish.

These bases feature steel top plates with a 2" base bolt welded directly to the column. No more multi-part bases that are difficult to assemble and can work loose or require ongoing tightening. Simply place the base over the base bolt, attached the lock washer and nut, and your Labor Saver Base assembly is complete.

This base can be installed in a fraction of the time (500% less) compared to the traditional three-part cast iron bases. The all-steel base will not fracture like traditional cast iron bases.

PRODUCT OPTIONS & DIMENSIONS

MODEL #	SIZE	HEIGHT*	WEIGHT (lbs)	COL. DIA.	MAX TABLE SIZE
101L	22x22	30"	19	3"	30" sq, 30" dia
