

# 600FL FLIP TOP

## SPECIFICATION SHEET

The 600FL Series is flip top table base that offers great function and quality perfect for many applications. The handle release mounts on the underside of the table and is centered on the table length close to the edge of the table. The single handle allows for one individual to release both mechanisms simultaneously and flight the table up and down.

The 14 ga. steel tubular base has a 2" outside diameter and is fully welded for standard powder coat finish. End caps are also welded and polished to look like solid steel.

The flip top mechanism is molded of aluminum and steel. The handle release is included and comes with standard length cables for tables up to 72".
