

# 660 ADJUSTABLE HEIGHT SPECIFICATION SHEET

The 660 Series transforms tables to adjustable heights for sit-down work heights, including ADA requirements, and also includes taller sit-down to stand-up work heights. This adjustable height series is very user-friendly and can be used for many different applications.

Adjustments are easily done by simply setting your foot on the base and lifting the surface. The mechanism will automatically adjust to the next level. To lower the surface, lift it to its highest level, and then it will release and slowly descend to the lowest position.

Constructed with welded 14 ga steel base with a 2" outer diameter and 12" x 12" mounting plate. The column is 2-3/8" outer diameter with a 1-3/4" outer diameter inner tube.

## PRODUCT OPTIONS & DIMENSIONS

MODEL #	SIZE	HEIGHT*	WEIGHT (lbs)	COL. DIA.	MAX TABLE SIZE
660	22" x 22"	26-34"	26	2-3/8"	24" Sq, 24" Dia.
