

700FL FLIP TOP

SPECIFICATION SHEET

The 700FL Series features a Folding mechanism paired with the DuraCast T base allowing users to flip up the top for easy storage and nesting providing great functionality and quality in one table base.

The single handle allows for one individual to release both mechanisms simultaneously and flight the table up and down. The included handle release mounts on the underside of the table with supplied screws and is centered on the table length close to the edge of the table. It comes with standard length cables for tables up to 72".

Includes adjustable leveler with 3/8-16" x 3/4" long shank and a 13 ga. steel tube column with cast aluminum feet. Constructed with a bolted and welded combination. The 700FL includes a set of two legs.
